

### Employee Parking

MASCO provides parking for LMA employees at our garage at 375 Longwood Avenue, and together with our vendor partner, VPNE Parking Solutions, we manage a number of offsite parking garages and lots that serve employees of several large LMA institutions. Employee parking facilities are served by the LMA Shuttle, which makes regularly scheduled runs to LMA institutions. For information about employee parking, [contact your institution](#).

MASCO's [CommuteWorks](#) program offers employees many alternate commuting solutions and incentives.
