

## Red Sox Gameday Detour

### **Service Description:**

The City of Boston will be closing Lansdowne Street during Red Sox Home Games and Events. The Fenway Shuttle will not be able to service Lansdowne Street during these times. Starting 3 hours prior to a game or event, until 1 hour after the game or event concludes, the following detours and schedules will be in effect. The Fenway Area will be serviced via two routes: one travelling along Brookline Ave and the other along Boylston St.

The Fenway Midday Express will be unaffected by these detours and schedule changes, though delays are expected.

Please review both routes carefully to see which one will be best for you. Please expect heavy traffic and delays.
