

Red Sox Detours - Fenway Route

Red Sox Detours - Fenway Route Posted 04/02/2019

The Red Sox Regular Season began on April 9th 2019, and will concluded on Sunday September 29th.

With the closures of Jersey St, Van Ness, & Lansdowne Street, the Red Sox Gameday Detours for the Fenway Route will be in place again for 2019. These detours start 3 hours prior to any home game, and end 1 hour after the conclusion of any game. When the Detour is in effect, the shuttles run less often due to traffic and congestion. For more information about the detours, [please visit this website](#)

Below you will find a list of all home games. Please note that Day Games are note in both **Bold and Underline** below. Day games typically have a far bigger impact to traffic and congestion throughout the LMA and Fenway Neighborhoods. Concerts and other events will be added later in the season.
